Christian Democrats of America

Hate is **Not** a Christian Value! (#ChristiansAgainstHate movement)

Christian Democrats of America is the largest voice for Christian Democrats in the U.S., providing a platform for progressives and Democrats of faith--our membership tallies 200K and we're growing. We are transforming the perception of "Christian values" in politics and what it means to be a Christian voter. **We are committed to reforming social injustices** by working to influence the ideals of the Democratic party and aligning with candidates with strong and principled Jesus-based values and a Progressive agenda.

We invite like-minded individuals to **JOIN US** in making a stand by taking care of the least of these, loving our neighbor, welcoming the stranger, and sharing values of compassion – not only in our individual daily lives, but on a national, social, and political level as well.

Christina Forrester is the Founder/Director of **Christian Democrats of America (CDA)**, the **#ChristiansAgainstHate/#ChristiansResist** movement and Facebook group, creator/co-producer & co-host of the popular podcast **"What Would Jesus Pod?,"** plus she ran the **Christians for Hillary 2016** movement. She's been a Huffington Post contributor and recently appeared in-studio on The Young Turks' (TYT) Rebel HQ (4M global audience). Christina's also been a guest on CNN Radio, Fox News, Christian Broadcasting Network (700 Club), and PBS Religion and Ethics News in addition to addressing the Democratic National Convention as well as universities and organizations across the country.
